Dear Jim & all.

I have your letter of some time ago & think I better get busy & send a few lines in answer. Glad to know the Taylor Corp is still doing business at 4538 Littleton Pl. & hope at this date everything is O.K. I am going along as usual & have a very nice setup here. Apt over garage, a single building with windows on all four sides. Wonderful views, especially to the west where I see the sun go down over the Pacific. I am only 400ft from the beach & I go over & watch people surf. There is a long pier down town & always people fishing there. About a mile from here. I pleased to hear about BB Banquet & know you are always interested & like to meet the old timers. Must ask about Hercules & if he is still on your side, he should be about 7 feet tall by now. I hope he is quick & active. Not much of a letter Jim but wanted you to know always pleased to hear about the Taylor & that you all keep well & happy.

Cheers: with all good wishes

Sincerely

Wahoo

Friend Dinck.

I want to thank you
for the finest writeup that I have
ever received in my long B. B.
career. My thanks also to your
Photographer. His name slips my
mind and I am sorry. They were
wonderful pictures and he did a
fine job of making me look
presentable to the public.
Your accuracy from notes was
amazing. The simple readable
style which people like was really
very fine. Want you to know
what I appreciated everything.
Thanks again and with
all good wishes, I remain

Sincerely

Dear Mr. Cooper:

I have your interesting letter concerning the Tigers of the 1907-8-9 era. Quite amazing that you should remember the players of that day. Of course you were quite young and of the impressionable age. Also a ball player later. In retrospect I will always think the players of that time and on up to 1930 were the world's greatest. From what I have seen of the modern ball players, Mediocrity seems to be the right word. A different era, and everything has changed, even the ball players. I still have a pocket watch given me by Flint friends. It was engraved but had no date. However I think it was the pennant winning day and we played an exhibition game in Flint. I think the Detroit Club is correct in saying Larry and I are the only ones left of the team of that time. I have seen him frequently in recent years. I will be in Hollywood next month. Drop me a card so that I will be at home when it is convenient for you to come. I will be pleased to see you. All good wishes. Bahco Sam Crawford.
